Duck Trap - Wherry 16

£ 1,450

Description

OUR REF. † AYB00994 GENERAL The Duck Trap Wherry is a popular rowing/sailing craft in the States. So much information online to list here – please look them up on the web! This one was built as a retirement project from a CNC machine kit. They weigh around 100kg and are intended to be car toppable! She is in lovely condition and built to a professional standard, Her owner built her with a balanced lug rig – which requires a better halyard, downhaul and mainsheet! She is really intended as a rowing boat as she is narrow with low freeboard! Would also be lovely with an electric outboard! BUILDER Built to a high standard from a Jordan Boats CNC kit between 2006 -2008. SPECIFICATION GRP construction in original dark green gelcoat with light cream decks. Oiled teak gunwales and trim. Black antifouling. LOD 16' Beam 4' Draft 5"—3' Centreboard. Weight 230lbs RIGGING Balanced lug rig with varnished spruce masts and spars. SAILS Main Tan made by Kemp sails with slab reefing. ENGINE Not included. Anglia Yacht Brokerage can supply electric Epropulsions as competitive prices. EQUIPMENT Two pairs of oars with rowlocks TRAILER Galvanised folding launching trolley LYING Our offices at Rougham by appointment.
