Description

OUR REF. † AYB001013 GENERAL Mud Skipper has a nice hull and deck with little to no scrapes/crazing. She has been left outside uncovered for a number of years and requires some winter renovation! The teak has been varnished previously and is now weathered and needs scraping/sanding back and recoating. The bilge pumps do not work and require rebuilding/replacing. The centre plate is heavily corroded and also needs replacing. She would look a lot better after a good clean! On the plus side the joinery is good and so are her sails. She is a cheap Coaster and could be a nice example again. BUILDER Honnor Marine Ltd 1980.
